- Increasing the number of sports available by supporting new clubs starting out
- Attracting and developing volunteers
- Providing training for volunteers

For Clubs

The Sport Hub gives local clubs the opportunity link with like-minded organisations to access opportunities for coach education, admin, marketing funding and volunteer recruitment and development.

For Participants

All participating sports clubs have fully qualified coaches and are committed to helping people take part in their sport. The clubs are really keen to take on new members and helpers, so if you want to take part in their sport or think you can help out doing some web work, admin or lending a hand in any way, don't hesitate to get in touch. We are always keen to have people come along and encourage our players on match days too. Newcastle has a long history of sporting achievements. If you've benefited over the years, then why not give something back now?
